

## Actividad 7

As one of the judges at your school's fall carnival, your job is to mark on the master tic tac toe board the progress of a live tic-tac-toe competition between Team X and Team O.

As each contestant comes to the microphone, you will hear "por X" or "por O" to indicate for which team he or she is playing. The contestant has to answer a question about activities in order to claim the square. Listen for the activity mentioned in each question, and put either an X or an O in the box under the picture of that activity.

At the end of this game round, see which team won! You will hear each statement twice.

Who won the game? Team X
